We have received a number of the original English Chatterbox from the American publishers, Messrs. Bates & Loring, Boston, Mass. This is the best children's magazine in the world; containing 32 pages and 16 full-page illustrations each month. It has a world-wide reputation, and more than a million children in England and America read its charming stories. To receive four issues the worth of your money sent only one dollar directly to the publishers, and they will send post paid, Chatterbox, and to every new subscriber a beautiful steel engraving (10x12 inches, price \$3.00) of a little girl puzzling over her first sum, and entitled "Thought and Care One."

Carson City (Nev.) Appeal: A gentleman from California informs us that the smallest baby in the world was born in that camp at noon on the 11th ult. The father is a miner in the employ of the Southern Pacific mine and weighs 190 pounds. The mother is a stout, healthy woman weighing perhaps 150 pounds. The child is a male, is perfectly formed as any human being can be, but upon its birth it only weighed eight ounces. Its face is about the size of a lima chestnut, and the size of its ribs can be imagined when we say that a ring worn on the little finger of its mother was easily slipped over its foot nearly up to the knee. Our informant states that it is the opinion of the attending physician that the child would live and prosper in good health, notwithstanding its disproportionate proportions. The midwife is so small that three of its size could play hide-and-seek in a cigar box. This is believed to be the smallest baby ever born.

Mr. James Gill, of Rich Hill township, received a letter recently from his friend, Mr. James Ballard, formerly of this county, now of Gayville, Yankton county, Dakota, a part of which we give below to show that the Crisis is appreciated abroad as well as at home.

GAYVILLE, April 5, 1882. FRIEND GILL & FAMILY:—It has been a long time since we have heard from you and yours, in your immediate neighborhood, although we receive the Crisis regularly, but I discover no news in the paper in regard to your neighborhood. I have some good friends that send us the Crisis; who it can be without it is friend Gill, I am at a loss to know; but whoever it may be, a thousand thanks. It is one of the best papers published in regard to the general news, and its politics are fearlessly and ably discussed, and through its influence many it will be the means of converting many to see the truth it promulgates. It is an old saying, "Truth is mighty and will prevail," and that's our motto. I believe if a copy of the Crisis was in every household, and read, the next president would be a full fledged freemason. But there is one encouragement, we are gaining converts, and let us hold on and victory will crown our efforts, if truth is mighty.

Wasn't She Cute! She knew it was necessary to be beautiful to be attractive. She knew health gave beauty a peculiar charm, therefore she made free use of Brown's Iron Bitters, and her aspirating smile seemed like a beam of sunshine; her eyes were bright and sparkling, and her skin, oh, how most wonderful fair! Well worth a trial is this valuable medicine for all our lady friends. -Fashion Paper.

Blue Mount S. S. Convention. The Township Sunday School convention came off, last Sunday, as per former announcement. The speakers who had been invited and who were present, were Revs. M. E. Davis and Jameson; those who were invited but were not present, were Rev. H. M. Richardson, Dr. Dorsey, Rev. Bratton, Rev. Seelye, of Chillicothe, was present. Notwithstanding that the committee on arrangements were disappointed in some of their speakers, the convention was a pleasant and instructive one. Four schools were represented, namely: Kinnaird, Welsh Congregational, Welsh M. E. and the Dawn Mission Sunday Schools. Not represented were the Barner Union and Welsh Baptist Sunday Schools.

The next meeting of the convention will be on the 6th Sabbath in July. A good time is expected. Yours, J. B. BENSON.

A New Man-Dispenser Caret. From the Hon. J. H. Benson, Hart County, Ky. HARTFORD, Ga., Feb. 10, 1882. I want to say a good word for Benson's Man-Dispenser. I am about sixty years of age; have rheumatism, indigestion, and a weak stomach, and have been taking Benson's Man-Dispenser for several weeks, and I feel much better. I have no desire for stimulants, and believe I could eat a pair of old boots and digest them as easily as this.

From Gordonville. GORDONVILLE, Mo., April 30, 1882. BROTHER CRISIS:—We have had several hard rains, which made the crops all very high and the ground too wet to work. Some new land planted corn, but are now sitting in it, which is a great pity. Wheat looks fine through the sections.

Our school opened again the first of this month, by one of Avalon's accomplished ex-students, Miss Fanny Thomas. She has 24 pupils enrolled. The school south of us is being taught by Mr. Martin.
